# RAVENOL MARINE PowerTrim & Steering Fluid

**Kategorie:** Marine hydraulic oil

**Artikelnummer:** 1234100

**Oil type:** Mineral

**Recommendation:** Mercruiser, OMC, VOLVO PENTA, Yanmar

**Application:** Marine

**RAVENOL MARINE Power Trim & Steering Fluid** is a high quality hydraulic oil based on specially selected solvent refined base oils.

It is particularly characterized by a high and stable viscosity index and reliable corrosion protection. Effective additives provide an excellent wear protection even under extreme loads. The behaviour towards sealing materials is neutral.

## Application Note

**RAVENOL MARINE Power Trim & Steering Fluid** is an excellent product for lubrication of hydraulics in the marine area.

May not be used if in the hydraulic systems are silver and / or silver-plated construction and operating elements present.

## Characteristics

- A high and stable viscosity index
- Excellent protection against wear
- Widest possible protection against corrosion
- A very good air and water separation to prevent foaming
- A neutral attitude towards plastic and seals
- A very low pour point
